President's Letter – Debbie Gheen

“The man who views the world at 50 the same as he did at 20 has wasted 30 years of his life.”
- Muhammad Ali

I guess what he was saying was that the time between these years should impact your view of the world and if it doesn't we have failed. If we have not gained understanding or changed somewhat during that time, then we have wasted our years. Pretty harsh words I would say.

Anyway, here is what I have learned. I believe when we are young we see the world and what it can do for us. As we age, we see the world and what we can and should do for it and others. This sure fits the SIZ mission of women helping women and one of the reasons I joined the organization.

We get to help make the world a better place! And, with SIZ we get to have fun and great fellowship while doing this. It doesn't get any better than that.

See you at the picnic,
Debbie

SUMMER TIME, SUMMER TIME, SUM-SUM SUMMER TIME

Remember the little jingle “*baseball, hot dogs, apple pie and Chevrolet*”? How about the oldie but goodie song “*Roll out those lazy, hazy, crazy days of summer*”? We can all agree that Summer is a fun time for family reunions and various types of recreational fun. Never the less, while we all enjoy gatherings and indulge in many activities, we need to be mindful of safety. And by the way, if your fun is in the sun, don't forget the sunscreen lotion!
