President's Letter—Lynn McGlade

BACK TO SCHOOL TIME ALREADY?

It made my day when my grandson announced he was returning to college this week!

So it reminded me of what we do. We give scholarships to deserving women and girls so they can go back to college— even those with families.

It makes such a difference that they

have money from us to help.

So on it goes— WE DO GOOD!

Keep up the good we do.

- Lynn McGlade

Smile Zone

Tooth Whitening is everywhere. We all want beautiful, white teeth for smiling. I get asked a lot about this.

Always speak to your dentist about whitening. Every person is different. Some whitening causes sensitivity

to teeth and gums. Whitening toothpaste does help a little in removing stains. Zoom whitening is done under a light in the dental office with trays to wear overnight for 7-10 days, 3D strips to place on teeth are another op-

tion. All can be effective in whitening teeth. There are many options and all are effective.

Happy Smiles!

"Any committee is only as good as the most knowledgeable, determined and vigorous person on it.

There must be somebody who provides the flame."

September Meeting—Teen Suicide

Suicide is the third leading cause of death for 15 to 24 year olds, and the sixth leading cause of death for 5 to 14 year olds. The pressure on juniors and seniors is intense. They feel that they must succeed academically, socially and athletically. They feel that they absolutely have to get into the right college. They push them-

selves to the limit.

All you have to do is add other factors like sexuality and family issues such as divorce or finances and you have a recipe for disaster. 60 per cent of high school students recently surveyed indicated that they had thought about

suicide.

This is according to Robert Kennedy, Private Schools Expert.

This will be the topic of our September member meeting.

Please come and hear for yourself from our speaker, Sherry Weber..

“Suicides among young people nationwide have increased dramatically in recent years.”

-Academy of Child and Adolescent Psychology
